

# “How to Build a Coaching Culture in Your Organization”

## Talent Management Inner Circle Event

24 July 2015 (Friday)  
2.30 pm – 5.30 pm

### HomeTeamNS @ Balestier

Coaching is a useful way of developing people's skills and abilities, and of boosting performance. It can also help deal with issues and challenges before they become major problems.

In some organizations, coaching is still seen as a corrective tool, used only when things have gone wrong. But in many companies, coaching is considered to be a positive and proven approach for helping others explore their goals and ambitions, and then achieve them.

Developing a coaching culture in organization can deliver considerable benefits, helping managers get the most from their teams, boosting employee engagement and developing high performing workplaces.

This event would enable you to gain practical insights to:

1. Discover new trends in coaching and developing coaching culture in the modern workplace
2. Experience practical and effective approaches towards coaching
3. Learn strategies and insights from other business leaders
4. Network with other HR and L&D practitioners

We welcome all HR practitioners, business leaders and coaches who are involved in building coaching culture in their organization!
